

Open genotypings: Privacy implications and openSNP

Bastian Greshake and Philipp Bayer

October 28, 2011

Definition, History

Microarrays, GWAS etc.

Because better science

- We've created openSNP

- We've created openSNP
- open source repository for genotypings from 23andme *et al.*

- We've created openSNP
- open source repository for genotypings from 23andme *et al.*
- Blabla

Insurance company, employer etc.

open science

get fired

keep on truckin'
